Notes:

1. Unless otherwise specified in this column and/or on the face of this Permit, movements shall be limited to travel in either direction through those roadway segments described in this column. Movements through any under or over crossing of State Routes in this roadway segment require State permits, movements through contiguous City roadways require City permits, and movements onto contiguous roadways maintained by any of the adjacent counties (Alameda, or San Joaquin) require permits from the affected County; the restrictions and limitations imposed by these other agencies may or may not be the same as those described in columns 3, 4, and 5.

2. Weekend movements on any of the listed road segments are only authorized if so indicated on the face of the permit; such an authorization on any segment indicated as "No" in this column will only be granted in extraordinary circumstances.

3. After-dark movements on any of the listed road segments are only authorized if so indicated on the face of the permit; such an authorization on any segment indicated as "No" in this column will only be granted in extraordinary circumstances.

4. **Movements requiring a pilot car escort are not authorized for either weekend or after-dark travel.**

5. **Movements requiring escorts by multiple pilot cars and/or by the California Highway Patrol or other uniformed police officer are <u>not</u> authorized for travel under this permit.**

6. Route Classification is based upon Caltrans "Route Color Classification Guide".
