My Energy

My Energy Accounts enables customers (residential, business and governmental) to review their balance, pay bills, see recent activity, get special tips and programs, all with a handy dashboard view.

For residential customers enables the customer to:

- Sign up for paperless billing
- Energy Usage
- Billing History
- Detail of Bill
- Rate comparison tools
- Energy conservation tips
- Energy outage and restoration status
- Information about rebates

Business Tools offers governmental and business customers:

- All of the services of residential
- Account aggregation
- Access to multiple accounts with one username and password

Energy Savings Tips

- ⇒ **Replace incandescent light bulbs with Compact florescent light bulbs (CFLs) or Light-emitting diode bulbs (LEDS)**
- ⇒ **Unplug electronics, battery chargers, power strips, turn off computers at night**
- ⇒ **Install faucets aerators and low-flow shower heads**
- ⇒ **Set your air conditioner thermostat 5° higher, install an ENERGY STAR programmable thermostat**
- ⇒ **Buy ENERGY STAR appliances**
- ⇒ **Turn your water heater to 120° or Normal when home, turn to lowest setting when away**
- ⇒ **Use ceiling fans, keep blinds and windows closed**
- ⇒ **Wash clothes in cold water, keep the dryer's outside vent clean and clean the lint filter after every load**
- ⇒ **Only run dishwasher when full**
- ⇒ **Seal cracks, gaps, leaks and add insulation**
- ⇒ **Get a Free Energy Audit from PG&E**

Who are we and what can we do for YOU?

The East Bay Energy Watch (EBEW) is a partnership between PG&E, non-profits local governments, such as Contra Costa County, and energy service providers that will plan, support and implement programs that reduce the energy use of residential, commercial and municipal customers in Contra Costa County.

There are five main program components:

- ⇒ *Residential*
- ⇒ *Small/Medium Business*
- ⇒ *Municipal Implementation Team*
- ⇒ *Benchmarking*
- ⇒ *My Energy Accounts*

Residential

Goals

- Lower Utility Bills
- Make homes healthier, increase energy efficiency and comfort

Actions

- Energy Audits
- Utilize utility rebates
- Conservation Strategies

Small/Medium Businesses

Goals

- Help small businesses reduce energy usage
- Lower utility costs

Actions

- Implement cost-effective high efficiency lighting
- Address some HVAC and refrigeration technologies
- Develop customized technologies
- Low/No Interest Loans

Municipal Implementation Team (MIT)

Goals

- Comply with the CPUC's directive that all municipal facilities be benchmarked using Energy Star's Portfolio Manager
- Lower Utility Costs
- Reduce energy usage

Actions

- Free Energy Analysis
- Retro-commissioning and retrofit services
- Optimize building's control:
  - Heating
  - Ventilation
  - Air conditioning
  - Lighting
- Low/No Interest Loans
