DELTA WATER ISSUES: AQUATIC WEEDS TOWN HALL & MORE

See below for the latest updates on Delta water issues.

==========

DELTA ADVOCACY TRIP TO WASHINGTON, DC

Next week, I leave with my colleagues on the Delta Counties Coalition (DCC) to meet with several key representatives in Washington, DC about the importance of protecting our Delta. As a founding member of the DCC, I am proud of the hard work we have done together to make our voices heard in light of the Bay Delta Conservation Plan threatening to shift too many of the Delta's resources away from the important needs it meets for our local residents, economy and ecology.

==========

AQUATIC WEEDS TOWN HALL

Join me on February 13 for a Town Hall sponsored by the California Department of Boating and Waterways on the aquatic weeds pre-treatment season. It has been a priority of mine to get treatment for the aquatic weeds in the Delta for the last several years, and once again, the Department of Boating and Waterways will address this important concern. Come learn how you can participate to keep our waterways clear so that we all can enjoy a wonderful 2014 boating season.

Thursday, February 13
9:30 am-12:00 pm
Scout Hall
3090 Ranch Lane
Bethel Island
