Dear Mary –

What a pleasure it was to see you last night. Thank you for allowing me to join you and your colleagues for a joint meeting of the Contra Costa County Transportation Authority and the Board of Supervisors.

As I continue my tenure on the California Transportation Commission, it is incredibly helpful to me to learn from knowledgeable leaders like you.

As I mentioned yesterday, before each Commission meeting, I will e-mail to you and your colleagues a copy of the upcoming agenda. If you see a policy, project or program that we are considering that is of interest or concern to you, I would appreciate hearing from you prior to the meeting. Your insights will be helpful as I do my best to serve our region and our state in this new capacity.

Thanks again for your time and comments yesterday.

Sincerely,

Carl
