Route Survey: Prior to commencing the move, the permittee shall conduct a survey of the entire route to be traveled to locate and list in writing any actual, or potential, obstructions. An "obstruction" includes, but is not limited to wires, trees, traffic signs, traffic control devices, traffic islands, legally parked vehicles, mail boxes, fences, utility poles, or any other object that causes the permitted move to encroach into adjacent, or opposing, traffic lanes, or travel onto curbs or sidewalks. A copy of this route survey shall be provided to the Public Works Department prior to permit issuance, and shall become a part of the permit.

Route Survey Notes: _____

I hereby certify that a survey of the entire route to be traveled has been conducted and I understand that any incident caused by the failure of the permittee to properly survey and locate any obstruction, and/or to take action to avoid an obstruction, shall be considered a violation of this permit and the permittee shall be subject to traffic ticket and fine.

An "incident" includes, but is not limited to:

1. Vehicular, or property damage;
2. Delay of travel;
3. Detour from route;
4. Travel on curbs or sidewalks without specific permission from the agency having jurisdiction over the curb or sidewalk
