PUBLIC NOTICE
FOR
STORMWATER TREATMENT DEMONSTRATION PROJECT

On June 30, 2015, the Public Works Director awarded a contract to Engineered Soil Repairs, Inc. (ESR) for construction of stormwater treatment features at the department's parking lot at 255 Glacier Drive.

- PROJECT:** STORMWATER TREATMENT DEMONSTRATION PROJECT
- LOCATION:** Parking lot for Public Works Department at 255 Glacier Drive, Martinez.
- PROJECT DESCRIPTION:** The project will construct stormwater treatment planters around two existing drainage inlets. The work generally consists of excavation and off-haul of material, directional drilling, construction of curb, installation of landscaping irrigation and planting.
- TIMELINE:** Work is expected to begin on July 27, 2015, with completion about four (4) weeks later, barring unforeseen circumstances.
- POSSIBLE INCONVENIENCES:** There will be temporary (construction related) and permanent (loss of 12 parking spaces) parking impacts.
- CONTACT:** For information about the construction status, please contact the Construction Inspector, Justin Ingram, at 925-595-6010. For all other questions please contact the Project Manager, Slava Gospodchikov, at (925) 313-2316.
