

PUBLIC NOTICE

FOR

ORWOOD ROAD AT WERNER DREDGER CUT BRIDGE REPLACEMENT

On May 5, 2015, the Board of Supervisors awarded a contract to Flatiron West, Inc. for improvements in your neighborhood.

PROJECT LOCATION: Orwood Road Bridge at Werner Dredger Cut, Brentwood area.

PROJECT DESCRIPTION: Replace the existing bridge with a new, wider concrete bridge in the same general area built to current standards. The project will include reconstruction of the adjacent roadways, retaining walls and drainage improvements.

TIMELINE: Work is expected to begin on June 1, 2015, with completion 18 months later in December 2016.

POSSIBLE INCONVENIENCES: In order to build the improvements, Orwood Road will be under single lane traffic controls at the bridge for approximately six to twelve months. A temporary traffic signal will be installed during the project with wait times not to exceed five minutes.

CONTACT: If you would like more information about this project, please contact the Resident Engineer, Nick Panayotou of The Hanna Group, at (650) 642-5299.
