## SHORTCUT TO BART

**Walking Tour: Saturday, November 15, 2003**

**Workshop: Tuesday, November 18, 2003**

The Contra Costa County Community Development Department is hosting a community walking tour and workshop to gather your ideas on how to improve pedestrian and bicycle access to the Pleasant Hill BART station (generally from Bancroft to BART). The outcome of this effort will be a preferred design for a new shortcut path and signage.

This process is being conducted in cooperation with the cities of Concord and Walnut Creek, BART and the Contra Costa County Redevelopment Agency. MIG and Beneficial Designs have been selected to assist in the development of a preferred design of the new shortcut path and signage/wayfinding system.
